Contents The final chapters of the original story arc begun in Bleach: Memories of Nobody. The story of Soul Society deals with a new war between the Shinigami and the Gotei 13 as the Soul King was Reborn on the day of his death, the First day of the Seventh Month. As usual, things are hectic in Soul Society as multiple aspects of the Shinigami plans are changing rapidly as a new leader steps up to the Soul King's office. As a result, Usui wants to use this opportunity to form a group of Shinigami with the same goal of wiping out all Soul Reapers from the Shinigami-Human Chimera Fruit chain, to start the extinction war in the Shinigami realm. The Soul King is also suspicious of Usui, since it was mentioned in the original Soul Society that the 82157476af
